Head-On Crash Occurs On Lincoln Highway Today At Trevose

TRIO IS HOSPITALIZED

Woman Has Fractured Arm, Dislocated Hip; Daugh- ter, Fractured Shoulder

TREVOSE, Dec. 3.—Three persons, two women and a man, were injured this morning at 2:10 o'clock on the Lincoln highway here, the result of a head-on collision between a truck-tractor-trailer and a passenger car.

The injured: Howard Bonnell, 301 Huntington Pike, Rockledge, separation of the shoulder, lacerations of chin.

Mrs. Jule Wilkinson, of Chevron Row, Northeast Village, Philadelphia, dislocated right hip, fractured left arm, abrasions and lacerations of face and knee, lacerations of head.

Miss Patricia Wilkinson, aged 29, daughter of above, fractured left shoulder, severe lacerations of chin and hip, multiple abrasions.

All three were removed to Nazareth Hospital, Philadelphia, in the ambulance of Trevose Fire Company.

According to the investigating officer, Trooper Leiberg, Langhorne barracks, Penna. State Police, Bonnell admitted he had been drinking. It is stated that the passenger car he was operating, in which the two women were passengers, swerved to the left of the highway, and that Edward W. Johnson, Baltimore, Md., driver of the truck, swerved left to attempt to avoid a collision. The two crashed head-on. A technical charge of assault and battery by automobile was lodged against Johnson due to serious condition of some of the injured. Johnson sustained bruises of the right hand.

Two From This Area To Participate In A Play

Two students from this area attending Temple University in Philadelphia, have been selected for roles in the forthcoming production, "The Blue Bird," to be given by the freshmen players of the Cedarbrook Undergraduate unit of the university.

Joanne Miller, daughter of Mr. and Mrs. Walter D. Miller, of 425 Washington st., Bristol, will star as Mummy Tyl, and Lois McCartney, daughter of Mr. and Mrs. James McCartney, of 528 Walnut ave., Andalusia, will enact the role of Sugar.

The Maurice Maerlinck play will be staged and directed by Madge Skelly, assistant director of dramatics, and will be given on Tuesday and Wednesday, Dec. 9-10, in the auditorium of Mitten Memorial Hall, on the main undergraduate campus.

Both students are freshmen in Teachers College, majoring in secondary education. Miss Miller is a graduate of Bristol high school, while Miss McCartney attended Bensalem high school.

MORRISVILLE, Dec. 3.—A number of business men of Morrisville are circulating a petition opposing operation of parking meters between six and nine p. m. on Friday and Saturday evenings.

The petitioners state they favor the meters, and the time of eight a. m. until six p. m., but oppose the six to nine p. m. operation on Fridays and Saturdays.

Thirty-five signed the petition which has been forwarded to borough secretary William H. Howell. The meters are scheduled to be placed in operation on December 8.

Barbara Miller Observes Her 17th Anniversary

A surprise birthday party was tendered Miss Barbara Miller at her home, 557 Linden street, on Friday evening on her 17th birthday anniversary.

The room was decorated in orchid and green, streamers extending to the table.

Miss Miller was the recipient of gifts.

Refreshments were served to: the Misses Mary Jane Finney, Louise Smith, Barbara Miller; Messrs. William Kotch, Horace Saxon, Edward Hamm; Mr. and Mrs. George Patton, Mr. and Mrs. Paul E. Patton, and Mr. and Mrs. James A. Patton.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

The remains of Pte. Walter Moyer, of Silverdale, who lost his life in action in Germany, Nov. 24, 1944, have been returned to this country. The body arrived in New York, N. Y., on Thursday.

Moyer, 27 years, was president of the Silverdale Fire Company when he was inducted on March, 1941. After five months training he was sent overseas on August 23, 1944, and with his outfit, was sent into action in September of that year.

Funeral and burial arrangements have not been completed, but the former Mrs. Moyer, who recently married Paul Alderfer, of this place, said the remains will be interred in the Blooming Glen Cemetery.

He was a son of Mr. and Mrs. Walter Moyer, Telford, R. D.

Robert Stevens, a farmer on the property of Mr. and Mrs. Joseph Genghini, Jamison, has put in his appearance after what had been an unexplained absence of a week.

It was two weeks ago that Stevens left the farm, allegedly without telling his wife where he was going and leaving her with no money or provisions and only a small supply of coal.

Several days later, Mr. Genghini, who lives in the suburbs of Philadelphia, went to the farm and found his farmer missing, his stock uncared for and Mrs. Stevens, who was ill, without food, funds and little heat.

Mr. and Mrs. Genghini provided Mrs. Stevens with transportation to the home of a sister in Chester last week, and the following day Stevens put in his appearance at the farm.

He appeared bewildered, and all the information he could give was that he had spent the time in Philadelphia.

Urges That Christians Fight Against Fascism

DOYLESTOWN, Dec. 3.—The present need for all Christians to "put their shoulders to the wheel" to oppose danger of fascism, etc., was stressed by the Hon. William R. Castle, former ambassador to Japan and Undersecretary of State, when he spoke to members of the Brotherhood of St. Andrew at its communion breakfast in St. Paul's P. E. Church on Sunday.

The need of putting the shoulders to the wheel "as never before, in an effort to stem the rising tide of fascism and totalitarianism that threatens the very existence of civilization" was impressed upon the gathering.

STRESSES NEED FOR RED CROSS VOLUNTEERS

Demands for Aid Are Still Received from Veterans' Hospitals

WILL AID THE "VETS"

LANGHORNE, Dec. 3.—Mrs. Warren L. Irish, chairman of volunteer services for the Southeastern Pennsylvania Chapter, American Red Cross, was the guest of the Lower Bucks County Branch at a bi-monthly meeting at the Community House, Monday.

Mrs. Irish told of the great demands still made on Red Cross by the services hospitals, adding that this is especially so in this chapter where there are three large hospitals—namely, Valley Forge, Naval and Coatesville. The need for teachers in the arts and skills shops in these hospitals is so great that all art schools and leagues have been contacted for volunteers. Grey Ladies are desperately needed for the Coatesville hospital and Mrs. Irish told of a recent conference there at which a doctor said: "With enough trained volunteer help, we could return many of these boys to normal life within six months instead of two years."

During the business meeting at which Mrs. Millard P. Smalley, chairman of the Lower Bucks County Branch, presided reports were given on the chapter-wide institute held in Philadelphia on November 12th.

Mrs. Charles Peet, nutrition chairman, had a most attractive display of Christmas food gifts arranged on a table festively decorated with Christmas greens and candles. Recipes for the cookies and sweets which carry out the food conservation program were displayed.

The following members were present: Bristol, Mrs. Fred Watts, Miss Frances Landreth, Mrs. Charles Peet; Langhorne, Mrs. Lester Ransom, Mrs. Harry Meredith, Mrs. Robert Hance, Mrs. Herbert R. Roemmel, Herbert M. Walker; Morrisville, Mrs. Floyd Platt, Mrs. William Burgess, Mrs. Charles Metz; Newtown, Mrs. Russell Janney, Mrs. John B. Chambers; Yardley, Mrs. Mitchell Carter, Mrs. Albert H. Torongo.

CHRISTENING AND DINNER

ANDALUSIA, Dec. 3.—Carol Anne McLean, infant daughter of Mr. and Mrs. Francis McLean, Mill road, was christened on Sunday morning in All Saints' Episcopal Church, Torresdale, by the Rev. Percy Brown. Miss Alice Julliff, Torresdale, and William Lentz, Andalusia, were the godparents. A dinner was served to members of the immediate family at the McLean home following the ceremony.

A SUMMARY OF THE NEWS

Rioting swept over Palestine yesterday as Arabs took to stoning, stabbing, arson and looting in resentment over the United Nations decision to partition the Holy Land. Jews opened reprisal attacks and peace was not restored until the Zionist military organization Haganah came to the aid of British and Palestine police.

The United Nations named Australia, China, France, Mexico, Britain and the United States to draft a constitution for the proposed international zone of Jerusalem.

Argentina unleashed a bitter attack in the United Nations Conference on Trade and Employment against what was called the attempt by the United States to force capitalism on a world wanting Socialism.

An AFL proposal that the United Nations investigate charges of slave labor, particularly in Soviet-dominated areas, will be taken up by the Social and Economic Council.

Differences among the Big Four, especially the United States and Russia, widened during yesterday's discussion on a German treaty.

France and Italy seemed to be gaining the upper hand in the fight against Communist-led strikes. Naval crews restored electric power to Paris, but a Communist filibuster delayed adoption by the French Assembly of the proposed strike-control law. One restricting reports in Italy said that the United States had offered the deGasperis Government military "assistance and advice."

Stop-gap aid to France, Italy and Austria was overwhelmingly endorsed by a conference of House Republicans, but there was strong sentiment for further cuts in appropriations.

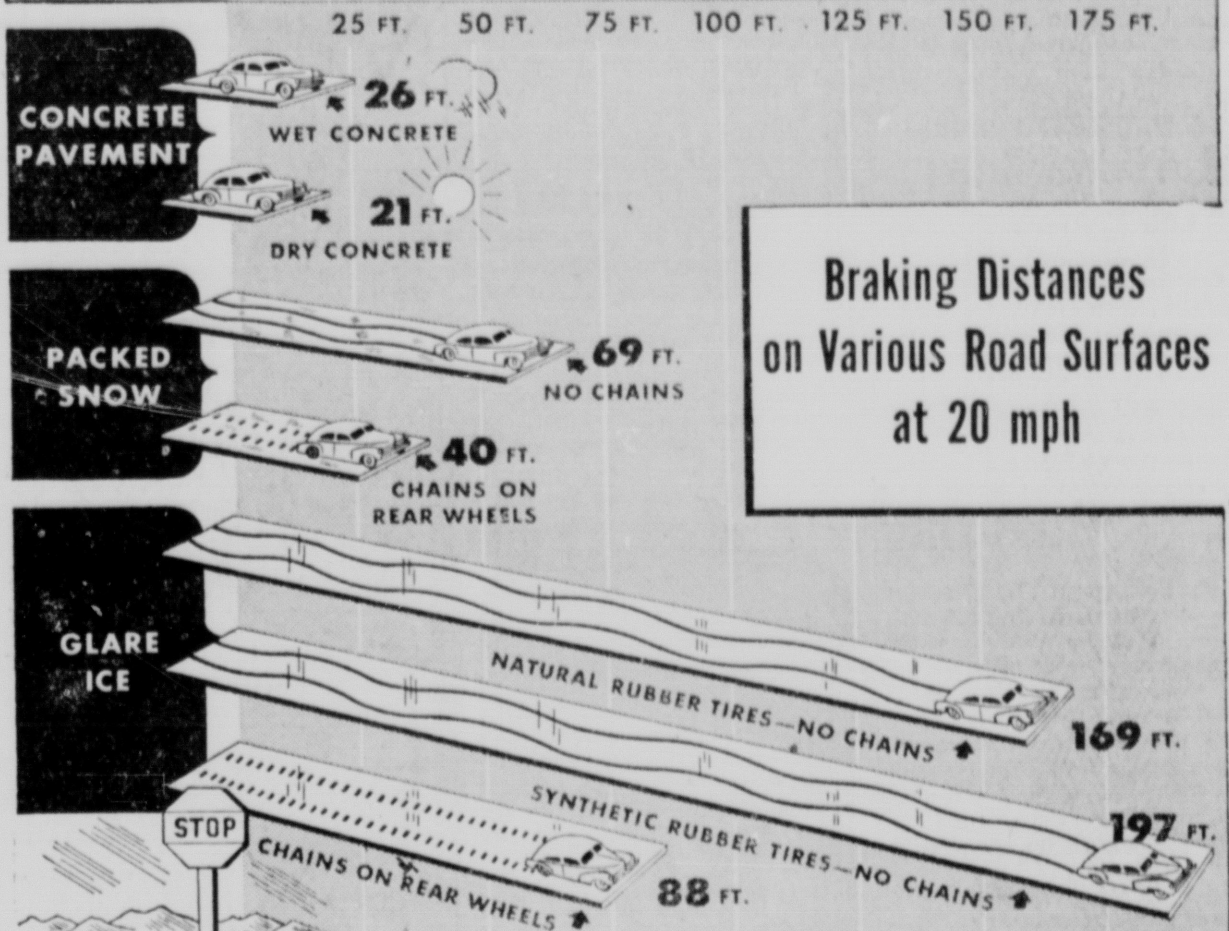

In Washington the Treasury was drawing an order to unfreeze the \$400,000,000 balance of the British loan to tide that country over until the Marshall plan became operative.

Both uranium and plutonium are now being used for atomic weapons by the United States, Chairman Lillenthal of the Atomic Energy Commission disclosed.

CHANGE MEETING PLACE

Members of Bucks County Council of Republican Women will meet December 10th at 8:15 p. m., at the educational hall, opposite the Presbyterian Church, Doylestown, instead of in the Armory. The Hon. Harold Staassen will be a speaker of the evening.

INVITATION TO LIVE—THIS WINTER

New winter accident facts, based on research and tests by National Safety Council, reveal alarming increase of skidding and poor visibility crashes during snowy, icy weather. Authorities urge equalized brakes, using tire chains, windshield wipers, defrosters, good lights and lower speeds to minimize the added seasonal hazards of inadequate stop-and-go traction on snow or ice and reduced visibility.

ARREST 4; HUNTING WITHOUT A LICENSE

New Jersey Residents Were Caught Clubbing Rabbits, It is Stated

FINES TOTAL \$222.00

Four New Jersey residents were arrested by Officer Harold W. Wiggins, Buckingham township deputy game protector, Saturday, for hunting without Pennsylvania gunning licenses.

The offenders, who were given a hearing before Justice of the Peace William Wrigley, of Edison, were each fined \$55.50 for hunting in Pennsylvania without a non-resident gunning license.

The ironic part of the incident is that the men had no guns with them. They were armed with clubs and were searching Buckingham township fields for rabbits.

When the "bushwackers" were arrested, they had three dead rabbits in their possession. According to Justice Wrigley there has not been a case of "bushwacking" in this area for many years.

The men, who had no money with them, summoned their employer, J. P. Broadhurst, of Woodbury, N. J., who paid the fine of \$222 and took the men home with him.

Croydon Is Tendered Saturday Evening Party

CROYDON, Dec. 3.—A surprise birthday party was tendered Mrs. George Albert Kahler at her home on Saturday evening.

Those present: Mr. and Mrs. George Mann and children "Bobby" and "Teggy"; Mr. and Mrs. Louis Gilbert, Mrs. Gilbert of Parksburg; Mr. and Mrs. Vincent Reif, Mr. and Mrs. Raymond Croft, Mr. and Mrs. Linford Morgan, "Jack" and Bruce Kahler, Croydon; Mr. and Mrs. Albert Fone, Philadelphia; Mr. and Mrs. Albert Gertz, Bristol.

Mrs. Kahler received gifts.

CHRISTMAS BAZAAR

A Christmas bazaar will be held by the Women's Society of Christian Service in Harriman Methodist Church basement on Friday and Saturday, from seven until 10 p. m. Gifts and refreshments will be on sale, and fun provided for the children.

BABIES ARRIVE

Among the births announced at Nazareth Hospital, Philadelphia, during the past few days are the following: A daughter to Mr. and Mrs. Edwin Fitch, Parkland; a daughter to Mr. and Mrs. Leo Talmann, Feasterville; a son to Mr. and Mrs. Carl Krier, Davisville; a son to Mr. and Mrs. Charles Gartenmayer, Langhorne.

WINTER DRIVING IS DANGEROUS

Every Precaution Must Be Exercised to Prevent Accidents

SOME RULES TO NOTE

Bristol police for the past several months have developed a safety program for motorists within the borough. Parking areas have been designed, street intersections indicated, approaches to schools marked, and various other rules and regulations adopted to prevent accidents.

As the winter months approach extra precautions on the part of motorists are necessary. Today Professor Ralph A. Moyer of Iowa State College, a national authority on highway engineering and safety, made public a formula for safe winter driving. It is based on thousands of actual tests on snow and ice.

Briefing tips from scientific research of eight winters, the fundamental rules for safe driving under adverse road and weather conditions follow:

1. Get the "feel" of the road on starting out.
2. Adjust speed to weather, road conditions.
3. Slow down well in advance of intersections, curves.
4. Use tire chains when snow or ice prevail.
5. Keep windshield free of snow, ice, fog and frost.
6. Follow vehicles at safer distances. Signal intent of turns or stops.
7. Apply brakes with a gentle pumping action on glare ice.

Prof. Moyer, whom contemporaries have called "a research man until he has carefully determined the facts," is chairman of the National Safety Council's Committee on Winter Driving Hazards. The committee made up of 22 leaders in automotive transportation, traffic engineering, safety education and law enforcement, includes such men as Tom Carmichael, experimental engineer of General Motors Proving Ground.

YARDLEY BAZAAR

YARDLEY, Dec. 3.—A large committee is to serve at the bazaar which is being conducted today and tomorrow by the Guild at St. Andrew's Episcopal Church. Mrs. George R. Martindale Dies at Home in Trevose

TREVOSE, Dec. 3.—Mrs. Elma R. Martindale, 76, died at her home here yesterday. Mrs. Martindale, widow of George R. Martindale, had lived in Trevose all of her life. She was a member of Holyberry Friends Meeting.

She is survived by a son, J. Watson Martindale, and two daughters, Mrs. Earl Willard and Mrs. George Wright, all of Trevose; also, eight grandchildren and one great-grandchild.

Services will be held Saturday at two p. m. at her late residence in Trevose. Friends may call Friday evening. Interment in William Penn Cemetery, Somerton, will be under direction of J. Maurice Tomlinson, funeral director.

Public School News:

5 BENSLEM SENIORS TRY FOR SCHOLARSHIPS

Students "Likely to Make Important Contributions To Human Progress"

CLASSMATES' CHOICE

CORNWELLS HEIGHTS, Dec. 3.—Five seniors from Bensalem Township high school have been elected by their classmates to compete with students from other high schools throughout the United States and territories for the 119 Four Year College Scholarships and more than \$50,000-dollar College Entrance Awards being offered again this year by a nationally known scholarship board.

The contestants chosen are: Edna Bates, Robert Franco, Jean Hamilton, Leigh Johnson, Bertha Lake.

According to Miss Cecelia Snyder, principal of Bensalem township high, it is both a scholastic and a personal honor to be selected as a contestant for one of these scholarships, since a student so elected must be one who is in the opinion of his classmates "most likely to make an important contribution to human progress." The election by the senior class was in itself an exercise in practical American democracy, Miss Snyder said.

If one of the students from Bensalem wins a scholarship, he or she will have full tuition and certain incidental fees paid for four years at any accredited academic college he wishes to attend in the United States, its territories, or Canada. In addition, he will receive an allowance of \$25 a month during the four academic years plus traveling expenses at the rate of three cents a mile for one round trip between home and college each school year. There will be five runners-up for every scholarship to be given, and each will receive a college entrance award which carries a grant of \$50 payable if the winner enters college by fall of 1948.

These scholarship awards are financed by an industrial concern as a part of its public service program.

On November 21, these elected seniors took a two-hour specially prepared scholastic aptitude test in the high school, immediately following the examination, the test papers were collected, placed in an envelope provided for that purpose, and sent at once for scoring to the College Entrance Examination Board.

DRUNKEN DRIVERS BEFORE COURT; ARE SENTENCED

Navy Expert Drank Sixteen Highballs and Was Surprised at Result

LOSES HIS LICENSE

Edward C. Zayas Must Also Pay a Fine of \$200 and Repair Car

DOYLESTOWN, Dec. 3.—Overconfidence in his ability to "take it" caused Edward Charles Zayas, 35-year old experimental engineer for the United States Navy, to imbibe too freely before driving his automobile in Bristol at 2:40 on the morning of September 27.

At that particular hour, Zayas and his car collided with the rear end of an automobile driven by George Johnson, of Phila., and about the same time, Patrolman John Jackville of the Bristol police arrived on the scene.

Zayas, a resident of Hathoro, was arrested on a charge of driving while drunk. A Bristol physician verified the contention of the policeman, and Zayas was held for court, Monday he pleaded guilty before Judge Itham H. Keller in the county court here.

The defendant is an expert on guided missiles and was in experimental work along that line for the government at a Navy plant here in Bucks county, but he failed to control his own guidance the night of September 27, after partying at a Bristol club with some friends.

Zayas told Judge Keller that he drank sixteen highballs and four beers at the party, and didn't realize they were so potent.

"Highballs don't have to be too potent when you drink sixteen of them," Judge Keller commented.

No one was injured in the accident, and it was not until Monday, Zayas testified, that he learned that Johnson's car was damaged at all.

Robert H. Ransley and Douglas H. Macaulay, both of Hathoro, were called as "character" witnesses for Zayas, and both testified that the defendant's reputation for sobriety was first class. Macaulay, who was officer in charge of the guided missile program at the Johnsview plant of the U. S. Navy when Zayas was employed there, told Judge Keller that Zayas' record is excellent.

"There is no one to blame but yourself," Judge Keller told Zayas before pronouncing sentence. "You had overconfidence in your ability to 'take it.' A week ago, I said on this bench that there are entirely too many drunken driving cases, that cases of this type are on the increase instead of the decrease, and this condition must change."

Judge Keller sentenced Zayas to pay a fine of \$200 and costs and suspended a prison sentence of three months on condition that Zayas pay the damages to the other car involved. Zayas was also placed on probation for one year, and directed to surrender his driver's license to the Clerk of Quarter Sessions for one year.

A jury was called in Judge Keller's court in the case of Grover C. Martin, of Quakertown, RD. 3, charged with driving while drunk on October 12, about 7:45 p. m., on the Bethlehem Pike at the intersection of the Trumbauersville road.

After the testimony of several witnesses had been heard, the Commonwealth agreed that insufficient evidence was at hand to warrant a conviction of drunken driving and the defendant was discharged.

Martin was arrested by a State trooper after the rear end of his car had been struck by a car driven by Dr. Samuel R. Meil, a Scranton dentist. Dr. Meil testified that he was driving north on the Bethlehem Pike with his family and some

Exhibit to Depict Negro Progress and Achievement

"Progress and Achievement of the Negro" will be the title of an exhibit scheduled at Bethel A. M. E. Church on Thursday, Friday and Saturday, with guest talent providing a program in honor of Mrs. Elizabeth Booker, the oldest member of the church, on Thursday evening.

Mrs. Ruth Goodwin, principal of Burlington, N. J., high school, will accompany Miss Celeste Ross, soloist, and Mr. and Mrs. Fred Forman will represent the YMCA and YWCA. Harry Perry will sing and play the piano, and Burgess Jacob C. Schmidt will be present.

The exhibit hours on Thursday are from one to four p. m.; Friday, 12 to three p. m. A food sale is arranged for Saturday. Refreshments will be served each day.

Saturday Evening Party**

CROYDON, Dec. 3.—A surprise birthday party was tendered Mrs. George Albert Kahler at her home on Saturday evening.

Those present: Mr. and Mrs. George Mann and children "Bobby" and "Teggy"; Mr. and Mrs. Louis Gilbert, Mrs. Gilbert of Parksburg; Mr. and Mrs. Vincent Reif, Mr. and Mrs. Raymond Croft, Mr. and Mrs. Linford Morgan, "Jack" and Bruce Kahler, Croydon; Mr. and Mrs. Alfred Fone, Philadelphia; Mr. and Mrs. Albert Gertz, Bristol.

Mrs. Kahler received gifts.

CHRISTMAS BAZAAR

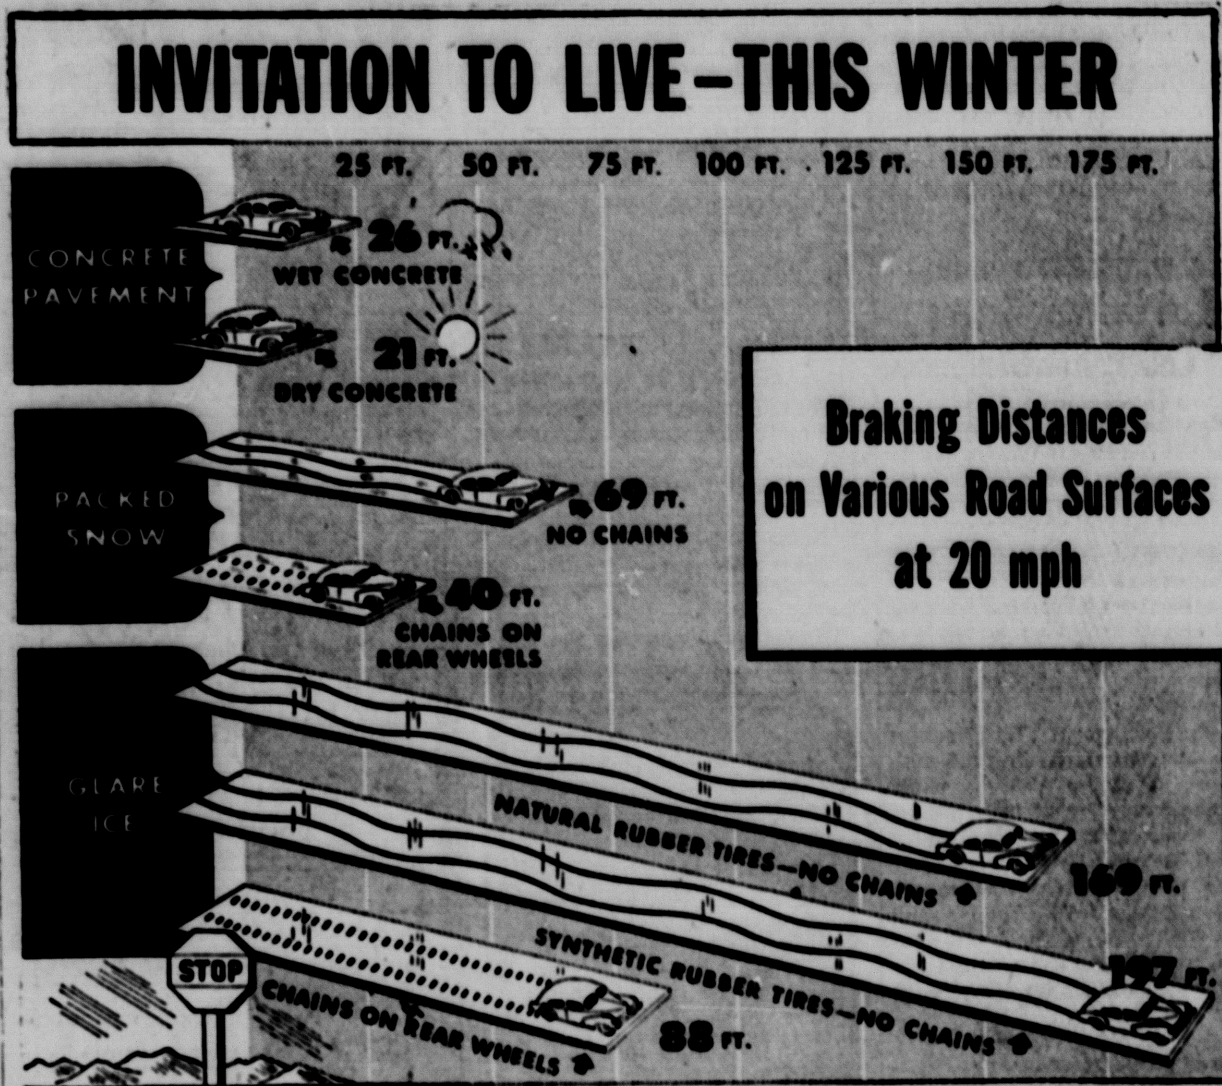

A Christmas bazaar will be held by the Women's Society of Christian Service in Harriman Methodist Church basement on Friday and Saturday, from seven until 10 p. m. Gifts and refreshments will be on sale, and fun provided for the children.

BABIES ARRIVE

Among the births announced at Nazareth Hospital, Philadelphia, during the past few days are the following: A daughter to Mr. and Mrs. Edwin Fitch, Parkland; a daughter to Mr. and Mrs. Leo Talmann, Feasterville; a son to Mr. and Mrs. Carl Krier, Davisville; a son to Mr. and Mrs. Charles Gartenmayer, Langhorne.

New winter accident facts, based on research and tests by National Safety Council, reveal alarming increase of skidding and poor visibility crashes during snowy, icy weather. Authorities urge equalized brakes, using tire chains, windshield wipers, defrosters, good lights and lower speeds to minimize the added seasonal hazards of inadequate stop-and-go traction on snow or ice and reduced visibility.

**ARREST 4; HUNTING
WITHOUT A LICENSE****New Jersey Residents Were
Caught Clubbing Rabbits,
It Is Stated****FINES TOTAL \$222.00**

Four New Jersey residents were arrested by Officer Harold W. Wiggins, Buckingham township deputy game protector, Saturday, for hunting without Pennsylvania gunning licenses.

The offenders who were given a hearing before Justice of the Peace William Wrigley, of Edison, were each fined \$55.50 for hunting in Pennsylvania without a non-resident gunning license.

The ironic part of the incident is that the men had no guns with them. They were armed with clubs and were searching Buckingham township fields for rabbits.

When the "bushwackers" were arrested, they had three dead rabbits in their possession. According to Justice Wrigley there has not been a case of "bushwacking" in this area for many years.

The men, who had no money with them, summoned their employer, J. P. Broadhurst, of Woodbury, N. J., who paid the fine of \$222 and took the men home with him.

The "bushwacking" party included two colored men, Edward Wallace Poole Hamwright, 28, and his cousin, Samuel Hamwright, 49, both of Westville, N. J. The two other offenders were William John Wolf, 25, of Barrington, N. J., and Edgar Howard Haines, 29, of Westville, N. J.

**WINTER DRIVING
IS DANGEROUS****Every Precaution Must Be
Exercised to Prevent
Accidents****SOME RULES TO NOTE**

Bristol police for the past several months have developed a safety program for motorists within the borough. Parking areas have been designated, street intersections indicated, approaches to schools marked and various other rules and regulations adopted to prevent accidents.

As the winter months approach extra precautions on the part of motorists are necessary. Today Professor Ralph A. Moyer of Iowa State College, a national authority on highway engineering and safety, made public a formula for safe winter driving. It is based on thousands of actual tests on snow and ice.

Briefing tips from scientific research of eight winters, the fundamental rules for safe driving under adverse road and weather conditions follow:

1. Get the "feel" of the road on starting out.
2. Adjust speed to weather, road conditions.
3. Slow down well in advance of intersections, curves.
4. Use tire chains when snow or ice prevail.
5. Keep windshield free of snow, ice, fog and frost.
6. Follow vehicles at safer distances. Signal intent of turns or stops.
7. Apply brakes with a gentle pumping action on glare ice.

Prof. Moyer, whom contemporaries have called "a research man who never talks or wets his pen until he has carefully determined the facts," is chairman of the National Safety Council's Committee on Winter Driving Hazards. The committee made up of 22 leaders in automotive transportation, traffic engineering, safety education and law enforcement, includes such men as Tom Carmichael, experimental engineer of General Motors Proving Grounds.

**Mrs. George R. Martindale
Dies at Home in Trevoze**

TREVOZE, Dec. 3.—Mrs. Elma R. Martindale, 76, died at her home here yesterday. Mrs. Martindale, widow of George R. Martindale, had lived in Trevoze all of her life. She was a member of Byberry Friends Meeting.

She is survived by a son, J. Watson Martindale, and two daughters, Mrs. Earl Willard and Mrs. George Wright, all of Trevoze; also, eight grandchildren and one great grandchild.

Services will be held Saturday at two p. m. at her late residence in Trevoze. Friends may call Friday evening. Interment in William Penn Cemetery, Somerton, will be under direction of J. Maurice Tomlinson, funeral director.

Pub's School News:**5 BENSLEM SENIORS
TRY FOR SCHOLARSHIPS****Students "Likely to Make
Important Contributions
To Human Progress"****CLASSMATES' CHOICE**

CORNWELLS HEIGHTS, Dec. 3.—Five seniors from Bensalem Township high school have been elected by their classmates to compete with students from other high schools throughout the United States and territories for the 119 Four-Year College Scholarships and more than 550 fifty-dollar College Entrance Awards being offered again this year by a nationally known scholarship board.

The contestants chosen are: Edna Bates, Robert Franco, Jean Hamilton, Leigh Johnson, Bertha Lake.

According to Miss Cecelia Snyder, principal of Bensalem township high, it is both a scholastic and a personal honor to be selected as a contestant for one of these scholarships, since a student so elected must be one who is in the opinion of his classmates "most likely to make an important contribution to human progress." The election by the senior class was in itself an exercise in practical American democracy, Miss Snyder said.

If one of the students from Bensalem wins a scholarship, he or she will have full tuition and certain incidental fees paid for four years at any accredited academic college he wishes to attend in the United States, its territories, or Canada. In addition, he will receive an allowance of \$25 a month during the four academic years plus traveling expenses at the rate of three cents a mile for one round trip between home and college each school year. There will be five runners-up for every scholarship to be given, and each will receive a college entrance award which carries a grant of \$50 payable if the winner enters college by fall of 1948.

These scholarship awards are financed by an industrial concern as a part of its public service program.

On November 21, these elected seniors took a two-hour specially prepared scholastic aptitude test in the high school. Immediately following the examination, the test papers were collected, placed in an envelope provided for that purpose, and sent at once for scoring to the College Entrance Examination Board.

**DRUNKEN DRIVERS

ARE SENTENCED****Navy Expert Drank Sixteen

and Repair Car**

DOYLESTOWN, Dec. 3.—Overconfidence in his ability to "take it" caused Edward Charles Zayas, 35-year old experimental engineer for the United States Navy, to imbibe too freely before driving his automobile in Bristol at 2:40 on the morning of September 27.

At that particular hour, Zayas and his car collided with the rear end of an automobile driven by George Johnson, of Phila., and about the same time, Patrolman John Sackville, of the Bristol police arrived on the scene.

Zayas, a resident of Haboro, was arrested on a charge of driving while drunk. A Bristol physician verified the contention of the policeman, and Zayas was held for court. Monday he pleaded guilty before Judge Hiram H. Keller in the county court here.

The defendant is an expert on guided missiles and was in experimental work along that line for the government at a Navy plant here in Bucks county, but he failed to control his own guidance the night of September 27, after partying at a Bristol club with some friends.

Zayas told Judge Keller that he drank sixteen highballs and four beers at the party, and didn't realize they were so potent.

"Highballs don't have to be too potent when you drink sixteen of them," Judge Keller commented.

No one was injured in the accident, and it was not until Monday, Zayas testified, that he learned that Johnson's car was damaged at all.

Robert H. Ransley and Douglas H. Macaulay, both of Haboro, were called as "character" witnesses for Zayas, and both testified that the defendant's reputation for sobriety was first class. Macaulay, who was officer in charge of the guided missile program at the Johnsview plant of the U. S. Navy when Zayas was employed there, told Judge Keller that Zayas' record is excellent.

"There is no one to blame but yourself," Judge Keller told Zayas before pronouncing sentence. "You had overconfidence in your ability to 'take it'. A week ago, I said on this bench, that there are entirely too many drunken driving cases, that cases of this type are on the increase instead of the decrease, and this condition must change."

Judge Keller sentenced Zayas to pay a fine of \$200 and costs and suspended a prison sentence of three months on condition that Zayas pay the damages to the other car involved. Zayas was also placed on probation for one year, and directed to surrender his driver's license to the Clerk of Quarter Sessions for one year.

A jury was called in Judge Keller's court in the case of Grover C. Martin, of Quakertown RD 3, charged with driving while drunk on October 12, about 7:45 p. m., on the Bethlehem Pike at the intersection of the Trumbauersville road.

After the testimony of several witnesses had been heard, the Commonwealth agreed that insufficient evidence was at hand to warrant a conviction of drunken driving and the defendant was discharged.

Martin was arrested by a State trooper after the rear end of his car had been struck by a car driven by Dr. Samuel R. Meil, a Scranton dentist. Dr. Meil testified that he was driving north on the Bethlehem Pike with his family and some

SAFE TOYS FOR CHRISTMAS
Little children are trusting souls. They do not read reports of accident prevention groups. They are unaware of many of the hazards of modern life. When they receive toys at Christmas-time, they are overcome with joy, and they have no reason to believe that all toys are not as safe as they are intriguing. But some Christmas toys are dangerous, and it is the duty of parents to see that such gifts do not go to children.

The Greater New York Safety Council recently issued a warning against this hazard. James Tabham, chairman of the executive committee, phrased the admonition dramatically when he said:

"Don't kill Junior with kindness by giving him a toy that will set him afire, poison him, cut him, choke him, or make it easy for him to injure others."

Tabham said that toys for small children should be large enough so that children cannot swallow or choke on them, and should be colored with non-poisonous dye or paint. Toy animals should not have shoe-button-type eyes, he added, and costumes should not be inflammable.

With toys as plentiful and attractive as they are today, there is no reason for overstepping the bounds of safety in pleasing the youngsters. Above all, there is no excuse for giving children toys which they can swallow or on which they can choke, because many modern toys are so large that even Goliath, were he alive today, couldn't swallow them. Fire, of course, is an ever-present hazard, and Christmas time is no exception. Every effort must be made to prevent that cause of injury and death.

NAVY ACTS ON CLIQUES

It may well be, as the Navy asserts, that the 40-year-old "Green Bowl" secret society at Annapolis never has been a "vicious" self-help officers' clique, designed to get its members choice plums in the top brass brackets.

It may well be, as the Navy says, that no "persuasive evidence" has been found to the effect that the "Green Bowl" was devoted to helping members advance in the service through special privilege.

But it is reasonably evident, as the Navy admits, that the "Green Bowl" organization was undesirable because "its mere existence gave rise to rumor and fear" that non-members could not win the Navy's highest positions.

Such an organization does nothing to raise officer morale in the Navy. Cliques and rumors of cliques have no business in the nation's armed services. The Navy has done well to abolish the "Green Bowl" and ban development of other secret societies in the future.

The Hon. Glenn Taylor, who started to ride horseback across the nation to warn it of impending doom, quit the saddle at Phoenix and became an airborne Paul Revere.

Winter Driving Is Dangerous

Continued from Page One
Grounds: Fred Lautzenheiser of International Harvester Trucks, and H. V. Larson of Four Wheel Drive Auto Co.

Some of the new facts follow: Traffic death rates during winter are 24 to 53 per cent higher than summer in northern half of country, and 5 to 33 per cent higher in southern half. Major factors producing these higher accident rates are INADEQUATE TRACTION and REDUCED VISIBILITY. Poor traction is primarily due to snow and ice and, to a lesser extent, to wetness. Bad visibility involves more darkness and snow, frost or steam-covered windshields.

Braking distances increase 3 to 12 times on snow or ice. The committee found that many drivers place false reliance on traction of "non-skid" tire treads on snow or ice. Tests showed good treads are highly desirable because they do help considerably on wet surfaces, but even new treads offer no advantages on packed snow or ice. Tests also proved that "rubber chains," which reappeared on the market last year, actually skid farther than bare tires on ice. Many drivers also have misplaced confidence in reducing tire air pressure below normal to provide extra traction on ice. Tests showed there is no safety aid in this reduction, and it wears out tires fast.

Concerning winter equipment for improving traction on snow or ice, tests were made of tire chains and sanders.

Steel tire chains were shown to be most helpful for improving traction on snow or ice. On rear wheels only, they reduced passenger car braking distances by 40 to 50 per cent, provided traction offered essential for starting or climbing grades. On heavy trucks, chains were found even more essential, braking distances being reduced by 60 to 70 per cent with chains on rear wheels. On tractor and trailer equipment, however, chains should be put on rear wheels of trailer when used on drive wheels of tractor. This helps avoid "jackknifing" and improves stopping ability of such heavy units. Committee recommended tire chains be carried in all passenger cars and trucks likely to encounter snow-ice conditions, because their use at times is as essential as windshield wipers or other functional equipment.

Regarding sanders, used on some commercial vehicles, committee tests showed their stopping effectiveness limited. While easy to operate, tests showed three of four widely used grits actually increased braking distance on ice. Even the best grit did not get under tires sufficiently to help more than 5 to 10 per cent when brakes were locked. Maximum aid with sanders was attained by skilful pumping of brakes and gearing down, which reduced distance about 30 per cent.

Adequate windshield defrosters, wipers and other visibility equipment are vital, the committee found. You must see, or cease driving.

The committee has distributed a report entitled "Winter Accident Prevention" to all city and state officials, describing better methods for both snow removal and self-help by individual drivers. It declares experience in snowbelt states show that realistic winter safety is a dual problem involving both winter road maintenance and insistence that vehicle operators who must drive during severe conditions be properly equipped to get through, and follow fundamental winter driving rules. Repeated

storms, often soon after road clearance, make it apparent that plowing or sanding at all times and all locations is not possible. Because accidents and traffic tieups seriously delay snow removal operations, several states, after thorough studies of the problem, adopted winter regulations empowering state and local police to stop vehicles unequipped with tire chains during severe snow and ice conditions, until roads have been cleared. It was found that such policies reduced accidents and traffic tieups. Before such regulations roads were long tied up by stalled or wrecked vehicles and those properly equipped were unable to move and snow removal crews were seriously delayed.

Gracious Lord, who has called us to be better than we are, grant to us thy grace to make perfect our every weakness. Teach us to look less for happiness and more for character; Train us to find purpose for our own lives through service to others; Lend us afresh the vision of the Christ who is the same throughout all ages, that we too may have a steadfast step as we go into each tomorrow. Amen.

TWO GAMES WILL OPEN SEASON OF BRISTOL LEAGUE

The Bristol Basketball League will inaugurate its 13th season to-night with two games being scheduled on the Rohm and Haas court. In the opening contest, the Fifth Ward Sporting Club will meet the Falls Alumni quintet while the second encounter stacks up the Rohm and Haas team against the Croydon Vets. First game will begin at 7.30 o'clock.

At its meeting Monday night, the managers decided to have the same boundary as last season, it extending from Morrisville to City Line and south of the Lincoln Highway. Each team will be permitted to sign up two players outside this territory.

The only newcomer in the circuit is the Croydon Vets. The Vets made up the eighth team after Badenhausen and Passanante withdrew from the loop. The Vets will have a playing manager and Wally Warthman and expect to floor a strong quintet.

Profy's Radio Shop, defending champions, of the loop, will be idle tonight, meeting St. Ann's on the high school floor, Friday night. The league champs appear to be stronger than last season although the younger players are determined to wear down the Profytes on the high school floor.

The team rosters are as follows: Croydon Vets—Wally Warthman, manager; Ray Pluma, Sal Pappaterra, Al Conrad, Jack Feehan, Ed Feehan, Ronald Vasey, Tom Burns, Jim Kelly, Harry Wambold, Tom Forte, Tony Sicilia, George Jones, William Lavery.

Knights of Columbus — Joseph Ferry, manager; William Martin, coach; R. Bonner, Vincent Profy, Clem Peterpaul, Tom Kervick, Joseph Wollard, Joe D'Angelo, R. Stone, J. Kain, Anthony Massi, T. Loughran.

Rohm and Haas — C. Bontemp, coach; Harry Stein, manager; C. Klein, A. Everitt, R. Hart, R. Anderson, J. Vansant, N. Scenna, Ed Maffanti, V. Baxter, Clyde Betts, Vince Maffanti, R. Jones, Fred Stewart, C. Fisher.

Falls Alumni — William Lovett, manager; S. Duerr, Fred Bringle, George Lovett, Al Driscoll, A. Anderson, Norman White, Al Monti, F. Thorpe, J. Sauerwald, William Baker, Kenneth Parr.

Profy's — James Rue, manager; Ralph Cahall, Al Burton, Tom Profy, Ted Sak, Joe Roe, Gus Carnvale, William Gallagher, Desmond Delise, Anthony Manna, John Slavan.

Fifth Ward Sporting Club — Al Cordisco, manager; Peter Bornice, coach; Joe Potenza, Pat Carnvale, Wally Carnvale, Joe Costello, Vince DiTanna, Fred Costantino, Joe Plebani, Robert Catone, Anthony D'Angelo, Angelo Cordisco, Joe DeLissio, Peter Mancini, Babe Freet, Bill Holden.

Hibernians — Peter Harkins, coach; Joseph Whitaker, manager; John Gallagher, John Rodgers, Thomas Donnelly, Joseph Elmer, Joseph McDevitt, William McHugh, Horace Saxton, Joseph Dugan, William McGerr, Tony Wallen, Peter Harkins.

St. Ann's — Fred Barbetta, manager; Lou Sassi, coach; Stanley Lellinski, Howard Keyes, Anthony Palumbo, Bert Barbetta, Mayo Scancella, Peter De Luca, Joe Salustio, Richard Mingin, John Messinella, Steve Davidock, Gene Barbetta.

Friday night on the high school court, Profy's will meet St. Ann's, and the Hiboes clash with the Knights of Columbus.

Officers of the league are: President, Joseph Diamanti; vice-president, Anthony Pfaffenrath; secretary, Daniel DiLorenzo; treasurer, Robert Sutton; advisor, Thomas J. Jono.

2nd Ward Club Placing Two Teams in The Field

The Second Ward Boys Club, organized for only one month, has already made plans to place two basketball teams this season. The junior team, composed of youngsters under the age of 17, played their first game Monday evening as members of the Bristol Youth League, losing to Hibernians, 40 to 21. The senior team, composed of boys over the age of 17, will open their season soon, and will play independent ball.

The senior team will play most of their games away, in nearby towns and cities in Pennsylvania and New Jersey. An attempt will be made to play some home games if arrangements can be made with Bristol Suburban League to have a third game added to their card.

All members of the senior team have had previous basketball experience, either with the Bristol high teams or in the Bristol Youth League. Included in the team is the entire first string of the former Bristol Aces who were named out for the Bristol Youth League championship in 1944.

Both teams will have ten players, with some junior players also seeing action with the seniors. "This will help develop some of the youngsters against stronger competition," it is stated. There are several openings on both teams.

5 Bensalem Seniors Try for Scholarships

Continued from Page One

Board, which is an independent testing board composed of representatives of America's most distinguished colleges and universities. The students in each state who receive the highest scores on this preliminary test will then take a second examination on January 24. This test will be the regular supervised Scholastic Aptitude Test of the College Entrance Examination Board. The contestants in each state who receive the highest scores on this final test and who have financial need will win the Four-Year College Scholarships set aside specifically for that state, and the five highest runners-up for each Scholarship will receive the College Entrance Awards.

The winners will be announced early in March. Two scholarships will be awarded in each of the 48 states and in the District of Columbia, and one each in Alaska, Hawaii, and Puerto Rico. One additional scholarship will be granted to a Negro student in each of the 18 southern states having separate school systems for Negroes.

This scholarship program is the largest program of this type outside of government subsidy and it is planned and administered by a group of distinguished educators. This board is incorporated separately from the Commercial Company involved and has as its president Floyd W. Reeves, professor of administration at the University of Chicago. The director of the scholarship program is John M. Stalnaker, professor of psychology at Stanford University, who has worked extensively in the field of testing and selection procedures.

Although it is just now going into its fourth year, this scholarship program is already sending 367 boys and girls to more than 140 of the nation's colleges and universities for four years of undergraduate work, and 1,800 other students have been encouraged to continue their education through the winning of College Entrance Awards. Once a winner is in college, the only scholastic requirement for the continuance of his scholarship throughout the four-year period is that he remain in good standing and progress normally from year to year. He has no obligation to the industrial concern who plans this competition, either during the four years in which the scholarship is in effect or after he has graduated.

In announcing this fourth annual scholarship competition to educators throughout the United States, Mr. Stalnaker, director of the program, said, "All over the country, boys and girls of exceptional promise are denied the opportunity of college training because they cannot afford it. We have set ourselves the task of discovering and promoting the growth of some of these students who can add materially to the enrichment of the American way of life. Thus we are investing in human resources — an investment which, according to the president of one of our colleges, is probably the most permanent and abiding contribution which can be made to society today."

Mr. and Mrs. Earl Shaffer and children, of Phoenixville, and John O'Grady, of Batavia, N. Y., a student at Holy Ghost Missionary College, Cornwells Heights, were entertained on the holiday by Mrs. Theresa Korim and William Korim.

TWO GAMES WILL OPEN SEASON OF BRISTOL LEAGUE

The Bristol Basketball League will inaugurate its 13th season to-night with two games being scheduled on the Rohm and Haas court. In the opening contest, the Fifth Ward Sporting Club will meet the Falls Alumni quintet while the second encounter stacks up the Rohm and Haas team against the Croydon Vets. First game will begin at 7:30 o'clock.

At its meeting Monday night, the managers decided to have the same boundary as last season. It extending from Morrisville to City Line and south of the Lincoln Highway. Each team will be permitted to sign up two players outside this territory.

The only newcomer in the circuit is the Croydon Vets. The Vets made up the eighth team after Badenhausen and Passanante withdrew from the loop. The Vets will have a playing manager and Wally Worthman and expect to floor a strong quintet.

Profy's Radio Shop, defending champions, of the loop, will be idle tonight, meeting St. Ann's on the high school floor, Friday night. The league champs appear to be stronger than last season although the younger players are determined to wear down the Profytes on the high school floor.

The team rosters are as follows: Croydon Vets—Wally Worthman, manager; Ray Puma, Sal Pappaterra, Al Conrad, Jack Feehan, Ed Feehan, Ronald Vasey, Tom Burns, Jim Kelly, Harry Wambold, Tom Forte, Tony Sicilia, George Jones, William Lavery.

Knights of Columbus—Joseph Ferry, manager; William Martin, coach; R. Bonner, Vincent Profy, Clem Peterpaul, Tom Kervick, Joseph Wollard, Joe D'Angelo, R. Stone, J. Kain, Anthony Massi, T. Loughran.

Rohm and Haas—C. Bontemp, coach; Harry Steln, manager; C. Klein, A. Everitt, R. Hart, R. Anderson, J. Vassant, N. Scenna, Ed Maffanti, V. Baxter, Clyde Betta, Vince Maffanti, R. Jones, Fred Stewart, C. Fisher.

Falls Alumni—William Lovett, manager; S. Duerr, Fred Brigle, George Lovett, Al Driscoll, A. Anderson, Norman White, Al Monti, F. Thorpe, J. Sauerwald, William Baker, Kenneth Parr.

Profy's—James Rue, manager; Ralph Cahall, Al Burton, Tom Profy, Ted Sak, Joe Roe, Gus Carnvale, William Gallagher, Desmond Delise, Anthony Mama, John Slavan.

Fifth Ward Sporting Club—Al Cordisco, manager; Peter Hornice, coach; Joe Potena, Pat Carnvale, Wally Carnvale, Joe Costello, Vince DiTanna, Fred Constantino, Joe Plebani, Robert Calone, Anthony D'Angelo, Angelo Cordisco, Joe DeLisso, Peter Mancini, Babe Free, Bill Holden.

Hibernians—Peter Harkins, coach; Joseph Whitaker, manager; John Gallagher, John Rodgers, Thomas Donnelly, Joseph Elmer, Joseph McDevitt, William McHugh, Horace Saxton, Joseph Dugan, William McGerr, Tony Wallen, Peter Harkins.

St. Ann's—Fred Barbetta, manager; Lou Sassi, coach; Stanley Lelinski, Howard Keyes, Anthony Palumbo, Bert Barbetta, Mayo Scancelli, Peter De Luca, Joe Salustino, Richard Mingin, John Meslinella, Steve Davidock, Gene Barbetta.

Friday night on the high school court, Profy's will meet St. Ann's, and the Hibos clash with the Knights of Columbus.

Officers of the league are: President, Joseph Diamanti; vice-president, Anthony Pfaffenrath; secretary, Daniel DiLorenzo; treasurer, Robert Sutton; advisor, Thomas Juno.

2nd Ward Club Placing Two Teams in The Field

The Second Ward Boys Club, organized for only one month, has already made plans to place two basketball teams this season. The junior team, composed of youngsters under the age of 17, played their first game Monday evening as members of the Bristol Youth League, losing to Hibernians, 40 to 24. The senior team, composed of boys over the age of 17, will open their season soon, and will play independent ball.

The senior team will play most of their games away, in nearby towns and cities in Pennsylvania and New Jersey. An attempt will be made to play some home games if arrangements can be made with Bristol Suburban League to have a third game added to their card.

All members of the senior team have had previous basketball experience, either with the Bristol high teams or in the Bristol Youth League. Included in the team is the entire first string of the former Bristol Aces who were nosed out for the Bristol Youth League championship in 1944.

Both teams will have ten players, with some junior players also seeing action with the seniors. "This will help develop some of the youngsters against stronger competition," it is stated. There are several openings on both teams.

5 Bensalem Seniors Try for Scholarships

Continued from Page One

Board, which is an independent testing board composed of representatives of America's most distinguished colleges and universities.

The students in each state who receive the highest scores on this preliminary test will then take a second examination on January 24. This test will be the regular supervised Scholastic Aptitude Test of the College Entrance Examination Board. The contestants in each state who receive the highest scores on this final test and who have financial need will win the Four-Year College Scholarships set aside specifically for that state, and the five highest runners-up for each Scholarship will receive the College Entrance Awards.

The winners will be announced early in March. Two scholarships will be awarded in each of the 48 states and in the District of Columbia, and one each in Alaska, Hawaii, and Puerto Rico. One additional scholarship will be granted to a Negro student in each of the 18 southern states having separate school systems for Negroes.

This scholarship program is the largest program of this type outside of government subsidy and it is planned and administered by a group of distinguished educators. This board is incorporated separately from the Commercial Company involved and has as its president Floyd W. Reeves, professor of administration at the University of Chicago. The director of the scholarship program is John M. Stalnaker, professor of psychology at Stanford University, who has worked extensively in the field of testing and selection procedures.

Although it is just now going into its fourth year, this scholarship program is already sending 367 boys and girls to more than 140 of the nation's colleges and universities for four years of undergraduate work, and 1,800 other students have been encouraged to continue their education through the winning of College Entrance Awards. Once a winner is in college, the only scholastic requirement for the continuance of his scholarship throughout the four-year period is that he remain in good standing and progress normally from year to year. He has no obligation to the industrial concern who plans this competition, either during the four years in which the scholarship is in effect or after he has graduated.

In announcing this fourth annual scholarship competition to educators throughout the United States, Mr. Stalnaker, director of the program, said, "All over the country, boys and girls of exceptional promise are denied the opportunity of college training because they cannot afford it. We have set ourselves the task of discovering and promoting the growth of some of these students who can add materially to the enrichment of the American way of life. Thus we are investing in human resources—an investment which, according to the president of one of our colleges, is probably the most permanent and abiding contribution which can be made to society today."
